Education

Teerthanker Mahaveer University <i>B.Tech in Computer Science and Engineering (AI, ML, DL)</i>	July 2023 – June 2026 SGPA: 8.1
Raja Balwant Singh Polytechnic, Bichpuri (Agra) <i>Diploma in Electrical Engineering</i>	Aug 2021 – June 2023 Percentage: 75%

Internship / Training

MERN Full-Stack Web Development <i>30 Days Coding – Remote Internship</i> <ul style="list-style-type: none">Developed scalable MERN Stack (MongoDB, Express.js, React.js, Node.js) web applications during an intensive internship.Gained hands-on experience in API development, frontend-backend integration, and responsive UI design with React.js and TailwindCSS.Built and deployed a project featuring authentication, CRUD operations, and efficient data management.	July 2025 – October 2025
---	--------------------------

Projects

CineVerse – Smart OTT Platform (Full Stack Project) GitHub: github.com/Sujeetshar14921/CineVerse <ul style="list-style-type: none">Built an end-to-end OTT streaming platform with secure user authentication and personalized dashboards.Developed an automated movie recommendation system using real-time data fetched from the TMDB API.Integrated OTP-based email verification using Nodemailer to enhance user account security.Designed and implemented an Admin Dashboard for managing movies, users, and content dynamically.Automated database updates and content refresh using Node.js cron jobs.Ensured a responsive and modern user interface using React.js and TailwindCSS.	Sep 2025 – Oct 2025
---	---------------------

Tech Stack: React.js, TailwindCSS, Node.js, Express.js, MongoDB, JWT, Axios, Nodemailer, TMDB API

Technical Skills

Summary: Full-stack web developer skilled in the MERN stack with a solid foundation in core computer science concepts.

Languages: JavaScript, Java, Python

Frameworks & Libraries: React.js, Node.js, Express.js, TailwindCSS

Database: MongoDB

Tools: Git, GitHub

Core Subjects: Data Structures & Algorithms, Operating Systems, Computer Networks, DBMS

Achievements

- Solved **300+ Data Structures and Algorithms** problems on coding platforms such as **LeetCode** and others.
- Completed an 8-week NPTEL course on **Big Data Computing** (Aug–Oct 2024).
- Earned a **Java Programming Certificate** (April 2024) from the **Spoken Tutorial Project, IIT Bombay**.
